

BEACH FRONT ACTIVITIES at Westchester Summer Day

Please complete and sign this form and return with your registration.

Listed below are the beachfront activities we offer. Children are given deep-water swim tests as they start WSD, each summer, and are re-tested periodically throughout the summer. Only children who pass **OUR** deep water swim test will be considered for instruction on the banana boat, and in water-skiing and knee boarding.

Everyone who goes out on a WSD boat must wear a life jacket!

Your permission now will insure that your child will have an opportunity to participate in our unique waterfront program as soon as they become eligible.

Check each box to indicate your approval.
